19. (Internal Use Only - WPB) David Bushong, Office of Legislative Affairs, Department of Justice, called to share with me some intelligence he has obtained on S. 495, the "Watergate Reorganization and Reform Pact." He said that he had some indications that the sponsors of S. 495 may be disposed to back down on the sweeping provisions in Title I of that bill and are considering an amendment in the nature of a substitute. He asked that I keep my eyes and ears open and share with him anything I was able to learn from the Hill on S. 495 and its prospects.

20. (Unclassified - WPB) Received a call from Werner Brandt on the personal staff of Representative Thomas Foley (D., Wash.). Representative Foley is Chairman of the House Committee on Agriculture. Brandt said that the Chairman thought that it would be a good idea if the members of the committee and several of the staff could be given an overview of the international sugar problem by the Agencies "economic people." Specifically the committee is interested in USSR beets, Eastern Europe beets, Cuban sugar production, and the dealings of major foreign sugar firms. He was interested in setting this up, if possible, around July 10 or 11. He asked about the possibility of an unclassified paper on the international sugar problem to supplement any oral presentation. I told Brandt that I would get back to him on his request.

2. (Confidential - LLM) Not being able to make contact with Charles Meissner, Senate Foreign Relations Committee staff, contacted Scott Cohen, Executive Assistant to Senator Charles Percy (R., Ill.), to advise him that we have the papers on the Middle East situation which Senator Percy had requested and asked for his advice on the specific manner we should follow in providing the information to the Senator. The Senator is in Chicago but Cohen will check with Meissner and let me know the results.

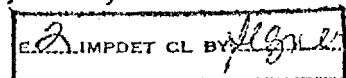

25X1

Cohen asked if we could determine if we ever employed a [redacted] who has written the Senator a letter from Muskogee, Oklahoma, saying he is a former CIA agent of 20 years, recently retired, and wants to provide the Senator information on his experiences. Based on the results of a subsequent check, Cohen was later advised that we had no record on this fellow including in our crank file.

3. (Secret - LLM) Called Clark McFadden, Senate Armed Services Committee staff, in follow up of his request to Mr. Cary yesterday on our ability to detect Soviet testing of MARVs. The material, provided by Mr. Zellmer, DDS&T, was delivered via Mr. Cary today.

9. (Unclassified - DFM) Took a call from Thomas Hipple, Legislative Assistant to Representative Andrew Jacobs, Jr. (D., Ind.). Hipple had a copy of the book by Philip Agee and was confused regarding the identity of Agee and David Phillips, and he wanted to know who was who.

10. (Unclassified - CG) Received a call from Mr. Robert Faust in the office of Senator Claiborne Pell (D., R. I.), who was interested in receiving information on the Agency's Summer Intern Program. I forwarded a copy of the current flier on the subject to his office.

11. (Internal Use Only - RJK) Peggy Brown, an editor on the staff of the Senate Foreign Relations Committee, called to ask whether I knew what the SOSIS system was. After speaking with [ ] Congressional Support Officer, OCI, I advised her that the system was a Navy one and suggested she direct her inquiry to that service. 25X1A

12. (Confidential - GLC) Had separate meetings with Chairmen John C. Stennis (D., Miss.), John L. McClellan (D., Ark.), Lucien N. Nedzi, (D., Mich.), and George H. Mahon (D., Tex.) to bring them up to date on meetings pertinent to the investigations of the Senate and House Select Committees.

25X1 13. (Confidential - GLC) Representative Bob Wilson called to say that a constituent has contacted him about an individual who presumably is a former CIA employee but is now working in some capacity with OPEC countries. Wilson said the individual uses the name of [ ] and a telephone number of [ ]. On the basis of our checks with Personnel, Security and DDO, I advised Wilson later in the day that we had no record of the employment of [ ] but we did have information about him indicating that in the 1965-66 time frame he had represented himself as an employee of this Agency and another instance as recent as 1968. I told Wilson we had no idea of the significance of the telephone number he gave us and as he knew, we had no basis for making an inquiry with respect either to [ ] or the telephone number. Wilson said he understood and thanked me for the information I had given him. He said he might also check with FBI but I asked, in doing so, that he not give any indication of an Agency referral. He said he understood. 25X1

6. (Unclassified - GLC) Dick Kaufman, General Counsel, Joint Economic Committee, called and asked if the Director's 18 June briefing of the Committee could be held at 2:00 p. m. instead of 10:00. He also said they would like, by the end of this week, the responses to the questions they posed in a letter to us so they can prepare questions for the briefing. After checking with the Director's office, Mr. Kaufman was advised 2:00 p. m. on the 18th would be fine.

7. (Unclassified - GLC) I talked with Jack Boos and asked how the session went out here yesterday. I told him I was sorry that I was not able to attend. Boos said they had an opportunity to get through a lot of information. I asked him if Field felt he had seen what he came for and Boos said he thought he had.

8. (Confidential - LLM) Bob Monahan, Defense Department, called on the status of the Agency's security review of the Gates transcripts of testimony before the Senate Foreign Relations Committee on the U-2 and the Summit meeting. He said State had already returned their transcripts to Pat Holt, Senate Foreign Relations Committee staff, and he felt he would soon be getting some heat from Holt. In response to my query, Monahan said Holt had informed Defense people that they did not intend to mislead various Federal agencies by Holt's follow-up letter to them.

9. (Confidential - LLM) Called Mike Reed, in the office of the Speaker of the House, and said we were once again getting very firm indications that the Subcommittee on Postal Facilities, Mail and Labor Management, House Post Office and Civil Service Committee, desires to have either Mr. Colby or another Agency witness testify on the mail survey program. I reminded him we had called his attention to this previously against the possibility that the Speaker may be able to be a restraining influence on the various committees wanting a piece of the action, that we wanted him to know of this latter development especially in light of Messrs. Cary and [ ] scheduled meeting with the Speaker tomorrow. I told him we would appreciate any advice or support Reed could give us. He was quite pessimistic as to whether anything constructive could be done in light of the current atomopheries surrounding the House Select Committee.

11. (Internal Use Only - LLM) Met with Jim Pyrros, Administrative Assistant to Representative Lucien N. Nedzi (D., Mich.), in line with our conversation earlier in the day and provided him copies of the confidential contributions to "Intelligence Studies" by [ ] and Mr. Nedzi on congressional oversight, etc. Pyrros wanted these against the possibility of CIA. I said there were some obvious excerpts and particularly from the last two pages of [ ] paper dealing with Nedzi oversight, which could be used but that there is other information therein which should not be used publicly, and Pyrros agreed. Pyrros said that Nedzi this morning had announced that he would not resign from the House Select Committee, and that the Speaker had indicated publicly that there was no reason for Nedzi to resign from the chairmanship of the Select Committee. 25X1

12. (Internal Use Only - LLM) Met with Pat Holt, ~~Senate Foreign Relations Committee staff~~, and refreshed his memory on a sensitive area. He agreed that the use of the information would be consistent with Chairman John Sparkman's (D., Ala.) instructions. This is a follow-up to Senator Dick Clark's (D., Iowa) visit to the Agency last Thursday. Holt could not give me any assurances that in the proper security environment Senator Clark would not ask Administration spokesmen to explain the underlying policy, even though I indicated that I thought this was getting into a privileged area since the decisions were made by the President and I thought it inappropriate for a subordinate of the President to comment on what recommendations or advice the President had received from him or his agency or department.

13. (Internal Use Only - LLM) Left with Brady Williamson, Legislative Assistant in the office of Senator Dick Clark (D., Iowa) information in response to the Senator's query concerning Rhodesian chrome.

14. (Internal Use Only - LLM) Julie Marshall in the office of Senator Dick Clark (D., Iowa) asked if we could look into the chances for a briefing of the Senator on Korea. She showed me a note from the Senator to her indicating that Mr. Colby had said that an Agency reassessment of this topic would be ready sometime in June. [ ] has been advised. STATINTL

15. (Internal Use Only - LLM) Met with Representative Lucien N. Nedzi (D., Mich.) to review with him certain Agency documents in follow-up of his expressed concern relating to the appropriateness of certain Agency activities. The material was left with him.

8. (Internal Use Only - RJK) Delivered to the offices of Senators George McGovern (D., S.D.), Walter F. Mondale (D., Minn.), Edward M. Kennedy (D., Mass.), Vance Hartke (D., Ind.), Hubert H. Humphrey (D., Minn.), and Mike Mansfield (D., Mont.) FBIS items in which their names were mentioned.

9. (Internal Use Only - RJK) Susan McMahon, on the staff of the Senate Foreign Relations Committee, called to ask for information about an article that appeared in the Washington Post on 25 May 1975. The article indicated that Saudi Arabian King Khalid had admitted in an interview the Israeli right to exist. She was asking on behalf of Senator Percy whether these comments had received wide notice in the Arab world. After checking on this and getting additional background information from [redacted] Congressional Support Officer, OCI, I placed a call to Ms. McMahon. Senator Percy was present and decided to get on the line himself. I explained to him that news about this particular interview received very limited notice in the Arab media. I explained further that most Arab nations had, in one way or another, expressed tacit agreement about the fact of an Israeli country. I added that Khalid was reaffirming in his own words, a position which the Saudis had previously made clear. 25X1

25X1 The Senator appreciated this information and said he was meeting with a Saudi journalist, Zuhdi al-Jasir, later this afternoon and would like to know whether we could tel him anything about him. After checking with [redacted], I later called Ms. McMahon to explain that our people had no information on al-Jasir.

10. (Unclassified - GLC) Called Jack Boos, House Select Committee staff, to see how the session went yesterday regarding Chairman Nedzi and he said not good. I asked if the Washington Post article this morning was accurate regarding the vote against Nedzi by the Democrats. Boos said he was not in the meeting and didn't know. I asked if he knew where they go from here. I said Speaker Albert suggested putting it over until next week. Boos said he was not aware of any precedent in this regard as to whether Albert can change the Committee appointments.

11. (Unclassified - GLC) Guy McConnell, Senate Appropriations Committee staff, called and confirmed Tuesday, 10 June at 2:00 p.m. in Room S-126 of the Capitol for the Director's world wrap-up briefing of the Subcommittee on Intelligence Operations. STAT

18. (Confidential - LLM) In response to a call from Tom Smeeton, in the office of Representative William Broomfield (R., Mich.), I told him that the only thing we could come up with of stories in the public domain on MIRVing of SS-9's was the item as carried in the Washington Post on 5 June 1975 concerning the SS-18.

19. (Confidential - LLM) Attended a breakfast/briefing session of Senator Dick Clark (D., Iowa) at Headquarters which was hosted by General Walters. Also in attendance were: Paul Walsh, DDI, [redacted] both of OCI. The briefing essentially was limited to Angola, Mozambique, Rhodesia and South Africa. There is one follow up dealing with Rhodesia's share of the world market in chrome.

As a result of a question raised at the table, I informed the Senator of the procedures being implemented to comply with the reporting requirements of new Section 662 of the Foreign Assistance Act and suggested he might want to contact Pat Holt, Senate Foreign Relations Committee staff, on this matter, which the Senator appreciated.

20. (Confidential - LLM) Called Pat Holt, Senate Foreign Relations Committee staff, to alert him to my conversation this morning with Senator Dick Clark (D., Iowa) concerning reporting under new Section 662 of the Foreign Assistance Act. Holt said Senator Clark had already been in contact with him and he asked if we could refresh his memory on the matters of interest to Senator Clark.

12. (Unclassified - LLM) Called George Murphy, Executive Director, Joint Committee on Atomic Energy, and he agreed that Jack Boos, House Select Committee staff, and [ ] could use one of the Joint Committee rooms to review some sensitive material.

13. (Internal Use Only - LLM) Called Tim Hardy, Presidential Commission staff, on the status of the release of the 1947 Hearings Before the Committee on Expenditures in the Executive Departments to the Commission. Bill Hogan, House Armed Services Committee staff, will provide a copy for the House Select Committee and Hardy can then get a copy from Jack Boos, of the Select Committee.

Later, Hardy called concerning the use in the Commission's report, two statements in the legislative history that Mr. Dulles had made and I agreed to see what could be done.

14. (Unclassified - LLM) To verify our security arrangements, called Pat Holt, Chief of Staff, ~~Senate Foreign Relations Committee~~, who had earlier placed a request for three transcripts: 12 March 1974 (testimony before the Multinational Corporations Subcommittee), 26 November 1973 (testimony before the Western Hemisphere Affairs Subcommittee), and 4 February 1975 (covert action testimony before Senators John Sparkman (D., Ala.) and Clifford Case (R., N.J.)). Wilson (D., Calif.) and requested that the Director or a designated representative appear on the morning of 24 June 1975 to discuss the Agency's mail intercept program. The FBI will be testifying on the same day. This requested was tentatively made several weeks ago and the hearings are being held as a result of the allegations in the press and the comments by the Director before Chairman Bella S. Abzug's (D., N. Y.) Subcommittee on Government Information and Individual Rights, House Government Operations Committee. William Cotter, Chief Postal Inspector, testified several weeks ago and raised several questions. The Subcommittee will inquire as to the history of the Agency's relations with the post office and the details of the mail intercept project. A letter will be forthcoming if requested and the hearing will be in executive session, if we so desire. I told Cavanagh that I would check and call him back.

I questioned Boos as to his taking of notes and he made it clear this was part of the understanding with the Agency.

10. (Confidential - GLC) Received a call from Pat Holt, Staff Director, ~~Senate Foreign Relations Committee~~, who was inquiring about the status of the NIDs. He said some of their members are still concerned about the issue that was raised concerning this publication. I told him on the basis of reactions we had received on the Hill earlier, we are continuing the distribution of the NID. I said the decision to continue it may not be final but I assured him we would give him prior notice if distribution is to be terminated. Holt said he thought he could handle the matter on this basis with the members but made it clear there were some strong feelings on this subject.

I took this opportunity to tell Holt that his letter on the U-2 transcripts indicating that other agencies had no objection to its release had actually caused a reexamination of the subject with the discovery that several agencies have testimony by their witnesses which contain matters of concern to other departments and this might mean that transcripts of testimony would have to be reviewed by more than one organization. It does not appear that this is giving Holt any great problems at the moment but I am sure he will expect responses within a reasonable length of time.
